Welcome to Learn To Freeride

Thank you for purchasing the premiere interactive CD-ROM for snowboard trick instruction, Volume 1 – Flatland, Rails, and Jibbing. This CD-ROM is the only product that guides you step-by-step to learn or advance your freestyle ability as you master ollies, butters, boardslides, grinds, and much more. We hope you have a blast checking out the cool videos, tricks, and features. Here is a quick run down on what you've got.

- Over 270 video clips, 15 trick categories, and thousands of combinations at your disposal
- Use controls like play, pause, frame by frame, and slow-motion to get in-depth looks
- Website style navigation at your own speed and in your own style
- Search for mountain lingo, trick definitions, and tons of extra features
- Check out the Classic, Retro, and Punk Skins
- Easily customize the music playlist by adding your own tunes
- Master beginner to intermediate freestyle moves
- Explore for hours at home, school, work, or on the way to the mountains

This Learn to Freeride CD-ROM provides superior trick instruction and interaction, which is not possible in a movie or DVD format. Get ready to progress your riding ability through a fun multimedia environment on your home or laptop computer.

Also check out www.LearnToFreeride.com which is a huge resource for expanding your learning with feedback forums, tips, cautions, online photo galleries, product updates, and new LTF products. Keep checking back as new features are constantly added. Thanks again for purchasing products from Learn To Freeride! Now get in there and start playing.

Thank you,
